

Mirror of Power – The eighth episode

The eighth episode of the TV series “Mirror of Power” brings the story of misusing the budget of the kindergarten “Milica Nozica” in Valjevo. The Budget inspection of the Ministry of Education also determined some irregularities in the personnel recruitment process, namely that 40 people had been employed illegally on a time-limited basis and in order to cover their salaries, the over-expenditure of 14 million dinars had been made. Why such situation happened is one of the questions answered during our visit to Valjevo by the former Chairman of the Managing Board Veseljko Belusevic and the Deputy Mayor Stanko Terzic. You will also be able to hear the Ombudsman Sasa Jankovic’s comment on this situation.
